How does that make you feel? Giving one's address to open yourself up to retaliation is the primary reason citizens don't participate in public comments. Why do you require our address? Since when have you ever followed up? I've now leveled the playing field. Are you happy? Are you not entertained?

Transparency is important. Jud Ashman you promised you would provide transparent access into the workings of our local government. Today I challenge your oath.

In regards to the Gaithersburg Book Festival I'd like to know, from 2010 to the present, organized by year:

- 1) How many man hours do staff spend and what is the dollar amount of their prorated salaries during that time?
- 2) How much police staff is utilized and what is the cost?
- 3) What is the net monetary profit generated (or loss)?
- 4) What is the break down on revenue that comes in from sponsors and all other sources?
- 5) What is the expenditure on all authors and guests including airfare, lodging, and all other services?
- 6) What is the expenditure on equipment such as booths, electricity, tents, and all other items?
- 7) We are a diverse city, how many Spanish speaking authors and books do we show at the festival? Could you list the breakdown of English and Non-English book authors at this city sponsored event? If you had a modern Yiddish author like Dara Horn with novels like "A guide for the perplexed" maybe I'd even attend.

In regards to how you harassed my family:

- 8) Publish the results of the internal investigation of city staff including, but not limited to, corrective action. Is this a mythical report? Did you even do an investigation? Why can't we see the report?

What are you hiding?

9) Compare fraudulent to legitimate dog bite complaints for the past five years.

Everything should be placed on the city website for everyone to view. You have 30 days if you don't want to violate the Maryland Public Information Act. The clock starts now. Will you provide this information of your own free will? Will you charge thousands of dollars for this information? Could you give me a ball park?

Mayor – there are no sleeping dogs in Gaithersburg, just dogs without a park to go to and skeletons in your closet.

I will be at Gaithersburg's Synagogue Kehilat Shalom tomorrow Wed. Jan. 20 at 7:00 pm to watch "Cock Fight" – I suggest everyone who cares about our planet be there that evening.

Any questions?
